

Eastham: Gateway to the National Seashore Top Group Destination

Two Night Adventures

- Conquer the Atlantic waves during a **2 hour surfing lesson** with seasoned instructors from Fun-Seekers. Boards and wetsuits will be provided so just show up at the beach and enjoy.
- Explore the salt marsh to discover fiddler crabs, rock crabs, and more hiding beneath your feet. Naturalists from the Mass Audubon society will bring necessary equipment and guide your group on their 60 minute journey through the inter-tidal zone. Travel to their beautiful sanctuary in Wellfleet or meet your guide at Boat Meadow, an incredible estuary just a 10 minute walk from the hostel. Groups can add a second hour on to the field walk for an additional \$95.
 - Add a service component to your ecology walk. Projects depend on time of year and where efforts are most needed. Tasks include: beach cleanup, removing invasive species, and tagging horseshoe crabs. Guided walks must meet at Wellfleet Sanctuary if group is adding service hours.

Rather kayak than surf? No problem! Start your day off on the right foot with a registered earth science teacher, as he guides you through the majestic Nauset marsh. One of the most important and fragile ecosystems, discover its beauty as trained guides identify ospreys, egrets, herons and other wildlife.

Surfing: \$139 per person plus \$95/hour per group for optional field walk

Kayaking: \$119 per person plus \$95 for optional group field walk

Three Nights

Can't make up your mind between surfing and kayaking? Stay three nights and do both!
